SHARING DELICIOUS MOMENTS

Urzante Group Origins

Our estates, "La Estanca, Estanquilla and Ginestares" are located in the Navarra region, near the Ebro River Valley, a fertile land where the Romans built a dam more than 2000 years ago. In this very enclave is where the Marín Family founded Urzante in 1950. Back then, olives were harvested by hand, then taken to the presses where they were crushed to obtain the precious oil. The oil was stored in earthenware jars before bottling and later handed out to the neighbouring houses.

More than 70 years later, we remain faithful to our original values which have helped us get this far, maintaining the spirit of tradition and respect for our land. Today, our farms cover an area of more than 1,200 hectares with a production capacity of 2,240,000 litres of Extra Virgin Olive Oil. The cultivated olive varieties, all of which are distinguished for their mild and fruity flavours, are mainly Koroneiki, Arbequina, Arbosana and Arróniz. With them, we create our best extra virgin olive oils; single variety, premium as well as well as unique coupages.

SHARING DELICIOUS MOMENTS

Ondoliva offers a wide range of alternatives to cook tasty and exquisite dishes but -above all- it gives you the chance to share delicious moments with your loved ones.
